

Selection table for water level sensors

Stainless steel AISI 316L - chloride ion content up to 400mg/l	04-02-005-16	04-02-004-16	04-02-003-16	04-02-002-16		
Stainless steel AISI 904L - for warm sea water	04-02-005-94	04-02-004-94	04-02-003-94	04-02-002-94		
For any pool water						04-04-112-00
For canisters with chemical reagents					04-04-110-00	
Name / Functions	Level sensor set, 5 pcs	Level sensor set, 4 pcs	Level sensor set, 3 pcs	Level sensor set, 2 pcs	Reed (float) level sensor PVDF	Reed (float) level sensor PP
Supply voltage, V					5	5
Dry-running level of the pump	■	■				
Minimum water level	■	■	■			
Maximum water level	■	■	■			
Overflow level (pump on)	■					
Filling at a specified time (all devices except LEVEL, art.04-01-000-00)				■	■	■
